# CONTRIBUTORS TO NEW RUMANIAN TECHNICAL LEXICON

ASIT is apparently taking an increasingly active part in all Rumanian scientific and technical activity. Up to now, it has assisted economic ministries in the preparation and publication of their specialized periodicals such as Electricitatea, of the Ministry of Electrical Energy; Petrol si Gaze, of the Ministry of Petroleum and Coal Industries; Textile, one of the organs of the Ministry of Light Industry; Metallurgia, of the Ministry of Metallurgical and Chemical Industries; Industria Constructiilor, of the Ministry of Constructions, and others. ASIT also carries out research within enterprises to test and improve materials.
